

Reimagining Your Personalized Plan For Retirement

Dr. Stacey Gordon, NYU Work Life | slg584@nyu.edu

Throughout your life thus far, what values have guided you?

What issues are important to you?

What people are important to you?

What makes you happy?

When you entered the professional workforce, what was your goal about when you'd retire and what you would do in retirement?

How might your goals have changed after a long career?

Are there individual projects or activities that you are thinking of starting in retirement?

Are you considering doing volunteer work? If so, with what population, in what location?

What skills and experience can help you find and build a meaningful volunteer position?

Do you anticipate caregiving responsibilities? If so, for whom?

**Do you have any new
business/nonprofit ideas you'd like to
explore?**
